### **On – site Consultations:**

Convenient consultations for busy home owners and professionals are offered at the home or office. The consultation will include all necessary product samples for client to review Thus, eliminating the hassle of having to visit numerous stores for different products.

## Design Concepts:

The design concept can begin with a thousand piece of fabric or furniture or simply a blank page. The goal is to attain the “look” and “feel” the client wants from “light and simple” to “rich and elegant” to “comfortable and cozy.” Each projects, develops its own flavor from the unique selection of fabrics, furniture and finishes.

### • Finishes and Furnishings:

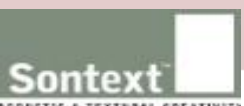

There are many factors to consider when selecting furniture’s and finishes. Deco Project’s expertise and guidance helps clients to make the best selections for their needs. Creativity is also applied in the selection process to create the desired look.

### • Purchasing Delivery and Installation:

Once final selections are made, Deco Project assumes all responsibility for coordinating the purchasing, delivery and installation of the entire project.

### • Project Coordination and Management:

Some projects require a certain sequence of installation for maximizing the results. Deco Project coordinates all aspects of these projects to ensure smooth transitions from each phase until project completion.

## Decorative Wood cladding

The Millionaire® Wall panels are the trendy new way to decorate your walls. The warm look of wood provides each room with atmosphere and a feeling of luxury. Use a couple of wall panels as a decorative element on your wall or cover an entire wall. Place the panels seamlessly together or at intervals and create countless pattern possibilities, also in combination with the wall colour itself.

Le Millionaire® Wall est le nouveau style moderne et tendance pour décorer vos murs. L'aspect chaleureux du bois donne une ambiance et un sentiment luxueux. Utilisez quelques panneaux muraux en tant qu'éléments décoratifs sur votre mur ou recouvrez un mur entier. Placez les panneaux ensemble ou en intervalle et créez d'innombrables combinaisons, il est aussi possible de les utiliser sur un mur coloré.
